

ACTION ON THE PRIZE FIGHTS.**THE AFFAIR AT MADISON SQUARE GARDEN TO BE INVESTIGATED.****POLICE BOARD DIRECTS THE SUPERINTENDENT TO LOOK INTO THE SO-CALLED SPARING EXHIBITION—THE POSTMASTER WANTS A GUARD IN THE FEDERAL BUILDING.****As had been generally expected, Police Commissioner Charles F. MacLean at yesterday's meeting of the Police Board took official cognizance of the alleged violations of the law at Madison Square Garden. On the night of August 22 everybody more or less directly interested in pugilists and pugilism flocked into the big building to witness the four-round bout for "points" between Dixie and Plummer. As usual on such occasions, the rest of the evening's programme was made up of sparing exhibitions, given by boxers of lesser brilliancy. If the reports published by the morning papers are to be trusted, two of these exhibitions resulted in "knockouts"; in plainer words, two of the contestants, either by accident or design, were so disabled as to be incapable of taking any further part in the bout, and under queenberry rules of boxing were "counted out." This, of course, constituted a direct contravention of the law as laid down by Judge Barrett, Mr. MacLean last week promised to examine the circumstances connected with the two cases in question. The result of his investigation was shown yesterday when he moved the following resolution: "It appearing, by accredited report, that certain things amounting to offences against the public peace occurred on the evening of Tuesday, August 22, at the Madison Square Garden, the Superintendent is directed to report to the Board at its next meeting all the information he has or can procure respecting such occurrences, stating particularly the names of all members of the force then and there present, whether specifically on duty or otherwise." Commissioner MacLean said that it would be advisable "to obtain facts from a reliable source" before acting on the resolutions.****After some discussion President Masters called that he could see no objection to the adoption of the resolution, and it was accordingly carried.****"Until I get the official papers," said Superintendent Byrnes yesterday, "I don't care to express any opinion on the case. On the general subject, however, I wish it to be understood that I am determined to stop prizefighting wherever I find it.****In my view, any exhibition so advertised as to promise the exercise of brutality, or in which there shall be an intention to offend the public, constitutes a violation of the law."****Mrs. Josephine Shaw Lowell addressed a letter to the board, calling attention to the charges against Captain Devry, of the Eleventh Precinct, contained in a New-York newspaper. The Captain had been accused of breaking up meetings, peaceable in their character, and held in places hired and paid for. "Either Captain Devry has been guilty of a grave offence or he has been falsely accused," said Mrs. Lowell in conclusion. This communication was referred to the Superintendent.****Postmaster Charles W. Dayton asked the board to pass a rule for the precinct police to patrol the corridors of the Postoffice Building. Mr. Dayton complained that the corridors were infested by pickpockets, ruffians and loafers. The approach allowed by the Government was not sufficient for the employment of watchmen, although he had hoped that the Secretary of the Treasury would presently increase his allowance.****Commissioner MacLean had raised a nice point of law. The Postoffice Building, being directly under the control of the United States Government, he was inclined to doubt whether the police had jurisdiction in any part of it. Finally the matter was referred to Superintendent Byrnes.****AN INFIX OF CHINESE STUDENTS.****The Custom House officials are beginning to think that too many "students" and "actors" are coming into this country from China. Nearly every steamer from Savannah brings from two to ten Chinamen who call themselves either students or actors. Everything possible has been done to trap them into confessions, but so far the Custom House officials have not been able to stop a single man. It is thought that the Chinese are instructed at home as to the answers that they ought to make through the interpreters, because they answer all of the questions put to them with surprising quickness.****The entire business of admitting the Chinamen lies with the Collector, Kinsell J. Thomas Scharf, the special inspector, now has nothing to say. Collector Kinsell has told him to keep off from his office and not to bother him further with his complaints. Seventeen Chinamen now are in the harbor waiting to be admitted. Of these fourteen appear to be students and three actors. None of the men arrived yesterday on the *China* of Alcantara, and eight on Monday night, on the *Orizaba*.****AN EX-MEMBER OF PARLIAMENT IN COURT.****John O'Connor, ex-member of the British Parliament, and one of the Royal Commission to the World's Fair, who arrived here several days ago on his way to Chicago, made a charge of robbery in the Jefferson Market Police Court yesterday against a colored woman named Lucy Peabell. Mr. O'Connor was reluctant to bring the charges and to make the matter public.****According to the story which came out in court, Mr. O'Connor is staying at the Hoffman House, where he has made several published statements regarding Irish politics and his connection with them as a member of the Parliamentary party. Early yesterday morning Mr. O'Connor was drinking with the women at C. T. Rosenthal's barroom at No. 42 Sixth-avenue. Later he missed his valuable diamond pin and \$30 in money. George Neal, the bartender, reported the case to the police, and found the woman for them. They arrested also Mr. O'Connor, and locked him up on a charge of intoxication. He had drafts for \$2,000 on his person. He was discharged in court, but the woman was held.****THE HUMAN FAIR—What It Is.****Turn Green, and the 1,013 Archet.
